

EMS Operations & Planning for Weapons of Mass Destruction—PER-211 Wichita, Kansas September 8, 9 & 12, 2008

This course will equip pre-hospital medical personnel with the skills needed to ensure proper patient triage, treatment, and transportation in the event of exposure to chemical, biological, radiological, nuclear, and explosive (CBRNE) weapons. The course delivery methodology consists of facilitated discussions, small group exercises, hands-on activities, and task oriented practical application using both adult and pediatric human patient simulators to promote critical thinking skills while utilizing the RAPID—Care concept. Exercises conducted in a CBRNE scenario will reinforce classroom lectures and interaction. First responders will use their training to demonstrate proper techniques for assessment, triage, mass decontamination, treatment and stabilization. In addition, course participants will receive training on the proper techniques for protecting themselves and limiting cross-contamination.

Participant Audience

Performance ODP Training Level personnel who will respond to a CBRNE/terrorism incident. Course participants include responders from the following medical specialty areas: EMS technicians/paramedics, public health, physicians/physicians assistants, hospital/medical treatment facility personnel, private sector (if invited by the host jurisdiction), county, state, and federal medical personnel who will respond with a local jurisdiction during a WMD/terrorism incident.

Prerequisites

Participants should work in one of the preceding disciplines/services, and have completed a WMD/Terrorism Incident Awareness course, the NERRTC EMS: Basic Concepts for WMD Incidents Course, and a first responder, basic, or intermediate paramedic course or other advanced medical certification or license. All above mentioned courses are available online at <http://www.teexwmdcampus.com>

*This course is sponsored with the **Texas Engineering Extension Service**—for more information about TEEX and other courses, visit their website: www.teex.com*

Participants can register through the KS-TRAIN website: <https://ks.train.org>. We are only taking registrations through KS-TRAIN, no other registrations will be accepted.

If any participant needs assistance registering or needs help starting a KS-TRAIN account, please call **Isabel Herrera** at (785) 274-1412, or contact the KS-TRAIN administrator listed on the website.

Americans with Disabilities Act (ADA)

If you have a disability and need special accommodations in order to fully participate in any training activity, please contact the State Training Office, (785) 274-1413, to discuss your specific needs.
